

**12th Singapore-Malaysia Joint Meeting
in Ophthalmology
Rasa Sentosa Resort, Singapore
27-29 May 1994
Back to Basics in Ophthalmology**

Dear Colleagues

With the field of ophthalmology rapidly delving into the depths of subspecialisation, the academic programme of the 12th Singapore-Malaysia Joint Meeting promises to be refreshing with a "Back to Basics" theme. Plenary sessions and symposia will be held with the experts on various topics of interest aimed at the general ophthalmologist and those in training.

Equally refreshing is the tropical paradise of Sentosa where the meeting will be held. There will also be an entertaining social programme.

On behalf of the Organising Committee, I would like to invite you to this 12th Singapore-Malaysia Joint Meeting in Ophthalmology.

Dr Ang Chong Lye

Organising Chairman

12th Singapore-Malaysia Joint Meeting in Ophthalmology
